Garden Vegetables: answers and facts

Each fact below is a sentence we wrote from the Wikipedia page named under it. All pages were read on 26 September 2026.

The drawings are drawn in code by ARLing, line by line, with no photographs and no AI generated images.

The coloured drawings show one way to colour them; any colours are fine.

Carrot

In the 10th century carrots were purple; the orange carrot was created later by Dutch growers.
