

ARLING

Badgers

100 Killer Sudoku puzzles

Every puzzle has exactly one solution, and every one of them was checked by program before it was printed.

How to play Badgers

KILLER SUDOKU

- 1 Every row, every column and every block holds each number once. The grid size sets the numbers: six by six uses 1 to 6, nine by nine uses 1 to 9. A block is the small rectangle marked by the thicker line.
- 2 The dotted cages add up. A cage is the group of cells inside one dotted outline, and the small number in its top left corner is what its cells add up to, with no number repeated inside the cage.
- 3 Nothing is filled in at the start: the cages are the whole puzzle, and exactly one arrangement fits.

Badgers: 100 Killer Sudoku puzzles

Published by AR Ling s. r. o., Bratislava, Slovakia. arling.sk/games

Every puzzle has exactly one solution, verified by program: the generator keeps a puzzle only when its own solver finds exactly one filling and reaches it by rules alone, without guessing.

Puzzles generated and typeset by program. 108 pages. First edition.
