Otters

100 Slitherlink puzzles

Every puzzle has exactly one solution, and every one of them was checked by program before it was printed.

How to play Otters

SLITHERLINK

- 1 Draw one closed loop along the grid lines. The otters need a single river: no branches, no crossings, no second loop.
- 2 A number in a patch counts its sides. It says how many of that patch's four sides the river runs along, from 0 to 3. A patch with no number says nothing at all.
- 3 Exactly one loop fits every number. A cross on a side is your own note that the side stays dry.

ONE WORKED EXAMPLE

ITS ONLY SOLUTION

The puzzles run from easy to challenge in one line: 1 to 25 easy, 26 to 55 medium, 56 to 85 hard, 86 to 100 challenge. Solutions start on the page marked Solutions at the back.
